The time of delivery of pallet shipments must be notified at least 24 hours before delivery via support@interfilling.com

The following elements must be described in this advance notice:

1. Item number product
2. Description of a product
3. PO number Interfilling (if applicable)
4. Reference number (if applicable)
5. Copy of the packing slip(s)

The goods can be delivered during the opening hours of the warehouse. These are from 8 a.m. to 3 p.m.

The dock is located on the backside of Lichtstraat 40. Phone number warehouse: +31 (0)6 111 756 35

Delivery Specifications

- Each shipment must be delivered by the carrier in good condition. If the warehouse manager is in doubt about the condition in which the goods are delivered, he will contact the General support department. They will contact the client. After consultation, a decision will be made about whether to accept or return the goods in question. The warehouse manager will take photos of such shipments and annotate the freight documentation.
- Each shipment must be accompanied by a bill of lading / CMR and a specified packing slip. If a shipment does not have a packing slip, we cannot accept the shipment.
- The following must be stated on the packing slip:
 1. Supplier
 2. Item number(s) of the product
 3. Description of the product
 4. Number of pieces per product
 5. Number of packages & pallets
 6. Specification which article numbers are on which pallet
- The following must be stated on the consignment note:
 1. Carrier
 2. License plate or truck number
 3. Supplier
 4. Number of packages & pallets
 5. Date and initials

Delivery Specifications

- If the consignment note also serves as a packing slip, it must meet the criteria described above under the point packing slip.
- Items must be delivered on euro-size pallets (80 x 120 cm). The maximum height (including pallet) must not exceed 120 cm. The maximum weight of the pallet must not exceed 600kg.
- Pallets must be delivered sealed with foil.
- When delivering multiple pallets of one item, the same quantity must be delivered per pallet. Except on the last pallet, which may contain a lower number, provided this is clearly marked.
- If there are boxes with a lower number than the other boxes on the same pallet, indicate this with "rest box" and the adjusted number.
- If several items are delivered on one pallet, this must be indicated with a label "mixed pallet".
- Each box supplied may contain only one item.

Label Roll Requirements

- It is important that the labels are supplied as described below:
 - Label size: Max. width 105 mm, Max height 140 mm. Final label size depends on the bottle and will be confirmed after testing.
 - Minimal 500 labels and maximum 2000 labels on a roll
 - Only on roll, not on sheet
 - Inner diameter of roll core: Ø78 mm
 - Max. width of the roll (incl labels): Ø240 mm
 - Backing material not transparent due to sensors label machine
 - 1 label row on the roll, multiple label rows on 1 roll cannot be processed.

- Roll winding: Printing on the outside, when unwinding the left part of the print is released.
